

# REVIEW FOR SCHOOLS

**There is wasted money in almost every telephone bill**

## **Your School District Needs Our Completely Risk-Free Telephone Bill Savings Analysis**

- **NO upfront payments and NO fees until after you see REAL savings.**
- **Our services are free if we don't find you any savings or refunds**

It's not easy to find wasted money in telephone bills because the phone company doesn't want you to find it. But these inflated bills are needlessly increasing your operating costs.

**Telecom Fitness** specializes in helping school districts find hidden telecom overcharges, and recovering refunds that you didn't even know you had coming.

- ☞ We work directly with the phone company to resolve issues, so you don't have to
- ☞ We fix any incorrect rates, eliminate any billing errors, and obtain all refunds
- ☞ We make sure that you get the best possible rates and the biggest discounts
- ☞ We find & eliminate all unnecessary lines, circuits, features, and services
- ☞ We even suggest cost-effective enhancements that will deliver even more savings

### **Join the ranks of other districts that have already found real savings!**

*I highly recommend **Telecom Fitness** to other school districts and government agencies. You won't believe what they uncover! Because of their thoroughness, we received thousands of dollars in refunds and reimbursements. I was very happy with their work. They follow through on their promises, and were very easy to work with. **You are crazy if you pass on this!***

**Dan Schmidt, Director of Technology, Lake Geneva School District**
